## XACT THERMO BASELAYER SYSTEM

## UNDERGARMENTS

### 1. UNDERSHIRTS

- Double sided fabric for optimum thermal protection
- Wicks moisture from the skin
- Circulates body heat
- Compression fit - Ultra tight fit acts as second skin
- Flat locked seams

**SIZE OPTIONS:** Available in sizes SB - 2XL

**COLOUR OPTIONS:** White, Royal, Red, Black, Green and Navy

### 2. BARBARIAN BASE LAYER

- Designed to cool the body using breathable wicking fabric
- Unique stretch and recovery properties provide muscle compression acting as a second skin
- Ergonomically designed side-panels and sleeve provide the ultimate in player movement and comfort
- Flat-locked seams for comfort
- Provides a lighter weight option to Xact Thermo Layer, also ideal for Juniors

**SIZE OPTIONS:** Available in sizes 3XS-3XL

**COLOUR OPTIONS:** Black and Navy

### 3. UNDERSHORTS

- Double sided fabric for optimum thermal protection
- Circulates body heat
- Compression fit - Ultra tight fit acts as second skin
- Flat locked seams

**SIZE OPTIONS:** Available in sizes SB - XXL

**COLOUR OPTIONS:** Black and Navy

### 4. LEGGINGS

- Double sided fabric for optimum thermal protection
- Circulates body heat
- Compression fit - Ultra tight fit acts as second skin
- Flat locked seams

**SIZE OPTIONS:** Available in sizes S - XXL

**COLOUR OPTIONS:** Black only

### 5. LYCRA SHORTS

- Compression fit
- Flat locked seams

**SIZE OPTIONS:** Available in sizes MB - XXL

**COLOUR OPTIONS:** Black and Navy

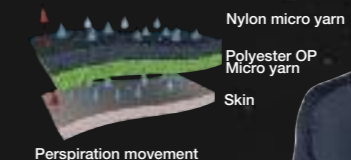

### Muscle compression

The Xact Thermo undershirts are cut to fit tightly to the body to reduce muscle vibration, a key factor in energy loss and tissue damage. The garments keep the muscles compact during activity as a second skin. This speeds up recovery time after a hard training session or tough game.

### Moisture Management

The Xact Thermo garments employ superior performance fabrics to provide essential thermo regulation benefits; the shirts are designed to have maximum contact with the body, allowing sweat to evaporate faster. Sweat molecules are transported through the fabric and dispersed instantly over a larger area to maximise evaporation.

Evaporation of moisture

Perspiration movement

**HURRICANE JACKET**

Water resistant shell with quilted liner for maximum thermal and rain protection.

- Polyester Ripstop Shell with a quilted micro fleece lining
- Zip pockets including internal breast pockets
